Shaping the future

iaf.fraunhofer.de/career

Join Fraunhofer IAF

Whether in research, technology or administration, as a young professional or old hand — Fraunhofer IAF offers job opportunities in an international scientific environment. As one of the few scientific institutions worldwide, we perform research and development work along the entire semiconductor value chain — in the context of public projects as well as for industry.

Join our team to work directly on the pulse of technological progress and experience firsthand how innovations are created that shape tomorrow. Moreover, you benefit from the global Fraunhofer network, an excellent work-life balance as well as performance and success bonuses.

5 reasons why

- state-of-the-art research infrastructure with unique facilities along the entire value chain
- broad expertise of our employees
- very good social benefits and further training measures
- application-oriented projects and close contact to industry and public clients
- wide range of research areas that enable both specialization and interdisciplinary work
